## Dining Room

Exit the cluttered Victorian doll's house of our parents, and the austere prefabrication of post-war days. Here at last is a doll's dream of stylish living. Shown here is Tri-ang's delightful colour combination in an up-to-the-minute doll's dining suite. Contrasting sideboard and draw-leaf dining table are enhanced by the graceful upholstery of dining chairs. All of these are expertly carried out in zinc weighted injection moulded plastic.

## Living Room

All Tri-ang Doll's House Pieces are designed to go happily together. The enterprising doll can buy the furniture shown in this enchanting living room piece by piece and be quite confident of harmonious results. For example, the sofa in the background may be obtained as three separate easy chairs, either toning or in contrasting colours. The winged three-piece suite is more luxurious but well worth that little extra; and the adjustable bureau, the book-shelves, T.V. and Hi-Fi contribute to the atmosphere of culture and relaxation.
